ITALIAN HOBBOCRUS; THOUSANDS KILLED

Greatest Corn Crop Predicted EARTHQUAKES RUIN MANY TOWNS; HUGE LOSS OF PROPERTY

FAST YIELD IS RECORD.
Six Million Over Previous Mark.

Yield Per Acre Was Better Than Last Fifty-Two Years.

Wheat and Rye in North- West Hurt Worst; Oats Outlook Good.

(BY A. P. NIGHT WIRE.)
WASHINGTON, Sept. 8.—The nation's corn crop in the country's history is prospect for this year's harvest. It is the largest crop of production based on a 1912 conditions was placed at 1,111,000,000 bushels today by the Department of Agriculture. Such a yield would exceed by 6,000,000 bushels the previous largest crop on record in 1912. A crop of even greater proportions will be harvested from the land of the United States in this year's crop at 1,551,000,000 bushels.

CAMERON LEADS ARIZONA VOTE.

Apparently Wins Nomination for Senator.

Democratic Candidate Still in Doubt.

Union Laborers Showed but Little Strength.

(EXCLUSIVE DISPATCH.)

PHOENIX, Sept. 8.—Apparently Ralph H. Cameron has gained the Republican nomination for Senator. Cameron headquarters claim victory by a plurality of 639 over the nearest competitor, E. S. Clark, and only a heavy vote for the latter from remote precincts can save him. Most of the third and Reuben last. The last two are World War veterans.

Cameron, a former Congressman from Arizona, has been a regular organization man. While Clark was a leading Progressive.

Frank R. Stewart of Phoenix claims election as Republican Presidential elector, though not on the regular ticket and opposed by the State organization. It appears that Stewart and Gus of Phoenix and Berle of Douglas.

Gov. Campbell had no opposition and was renominated by a virtually unanimous vote on the Democratic side.

Nomination of Senator Marcus A. Smith, Democrat, for re-election was conceded late tonight by Judge R. C. Stanford, also a candidate for the nomination and Senator Smith's closest competitor, according to available returns.

Worship of Tucson, the union-labor candidate, showed little strength, even in Tucson, where there had been a parade of 1500 individuals. Though he carried his home county of Yuma by 180, State Senator Mulford Winsor probably is defeated.

Mitt Shumma headquarters claims 450 plurality on returns already in, halting the apparent result as a victory for conservatism in Arizona. The incumbent, McAllister of Graham, endorsed by the union-labor party, appears to have won nomination as Supreme judge. There remains doubt over the re-nomination of Atty.-Gen. Wiley Jones, opposed by Whitney, a former deputy, and Hardy, the last a Conservative. Sam F. Webb apparently wins the treasuryship nomination.

LEENOOT IN LEAD.

(BY A. P. DAY WIRE.)

MILWAUKEE, Sept. 8.—Returns from 1259 precincts out of 2279 in yesterday's Republican Senatorial primary today gave Senator Irvine H. Leenoot a lead of 33,154 over James Thompson of Arizona, who was supported by Senator La Follette.

A. C. McHenry, the third candidate, had a small vote.

John J. Blaine of Boswell assumed the lead tonight in the Republican gubernatorial contest over Roy F. Wilson. The Democrat's vote in the fourth district, where Blaine is running, was 2579 in the State and 2579 in the fourth district, and Wilson 2579.

The incumbent Congressmen were defeated. Clifford E. Randall of Kansas, succeeded to Henry Allen Chamberlain, former Congressman of Kansas. Congressman James G. Monahan of Darlington, was defeated by John M. Nelson, former Congressman of Madison in the Third District, and Congressman John J. Webb of La Crosse went down to defeat before Joseph E. Beck of Virginia in the Seventh District.

Congressman Edward Voigt in the Second District, John C. Klecka in the fourth, Edwin G. Carson in the ninth and James A. Frear in the tenth were renominated without opposition.

In the Fifth District, William H. Sanford, Milwaukee, was chosen and will oppose Victor L. Berger, Socialist. In the Sixth District, Florio Lampert, incumbent of Oshkosh, was a victor. In the eighth, Congressman E. E. Brown, Wausau, was re-elected a winner in a three-cornered race, while Congressman Adolphus P. Nelson, Grantsburg, likewise proved a winner over two other contestants.

Mrs. Henry A. Youmans of the Republican State Central Committee estimated that 16,000 votes were voted. ODDIE IS NOMINATED.

(BY A. P. DAY WIRE.)

FRENO, Sept. 8.—Tasker L. Oddie was nominated yesterday by Nevada Republicans as the party candidate for United States Senator. Incomplete returns give Oddie a lead of 41 votes over Brewster Adams, his nearest competitor in a five-cornered race. Adams has conceded Oddie's nomination. Oddie will oppose

Charles H. Henderson, Democratic incumbent, and Miss Anne Martin, Independent candidate, in the general election.

Samuel Arantz won the Republican nomination for Representative in Congress, beating W. T. McNeil over 3 to 1.

VOTING IN GEORGIA.

(BY A. P. DAY WIRE.)

ATLANTA, Sept. 8.—Democratic voters in Georgia went to the polls today to express their preference among the candidates for the Senatorial, Congressional and gubernatorial nominations.

Under a ruling of the subcommittee of the State Democratic Executive Committee, women did not take part in the primary.

CORN CROP WILL BREAK RECORDS.

(Continued from First Page.)

12,000,000 below the five-year average.

The promise of 1,442,000,000 bushels is 48,000,000 higher than last year and 27,000,000 above the five-year average, but this prospect has been exceeded by the harvested crops of 1916, 1917, and 1918, that of 1915 being 149,000,000 bushels greater.

MAY DREDGE FOR GUN.

Venice Canal Thought to Conceal Pistol that Killed Man.

Canals in Venice may be dredged to find the pistol with which McCullough G. Graydon, real estate operator, was shot and killed. It was stated yesterday at the District Attorney's office. What disposition was made of the weapon is a mystery to the investigators.

It is thought it was thrown in a canal near the Sherman-avenue house, where the shooting took place, but preliminary dragging of the canals did not disclose it.

George Costello, District Attorney's investigator, acting under directions of Dep. Dist. Atty. Van Cott, continued his investigation at Venice yesterday and conducted a search for the pistol.

The case was not taken before the grand jury yesterday, but it was thought it may be today.

REPUBLICANS TO GAIN IN SENATE.

Pointdexter Views Situation With Optimism.

One Bad Spot in Country is Indiana, He Believes.

Harding to Carry New York, His Prediction.

BY ROBERT B. ARMSTRONG.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Sept. 8.—Senator Pointdexter, who is here for a few days, has received reports that indicate a Republican majority in the next Senate of from six to eighteen.

The one bad spot appears to be Indiana, where, according to present indications, Senator James Watson is having the fight of his life. Given these conditions are improving, and it is believed that if present tendencies there are maintained, the Republican majority in the next Senate of from six to eighteen.

Previous to the arrival here of Senator Pointdexter there was a widespread belief that Senator Watson would carry New York in serious danger of defeat. His chances of election are now believed to be excellent, and it is regarded as certain that Brundage in Connecticut will win re-election also.

HELP FOR SMOOT.

Late returns from Senator Smoot in Utah indicate that he will come back with a big Republican vote behind him, most, if not all, the factional differences in the Republican party having been adjusted, all of which is in the interest of Senator Smoot.

Senator Pointdexter is certain that the Republicans will gain Senators in Colorado, South Dakota and Kentucky. He feels certain that Senator Spencer in Missouri will be re-elected and looks for an overwhelming vote in Washington with the re-election of Senator Jones, in spite of a foreign fight on him on account of the Jones shipping bill and its protection to American shipping as against all foreign competition.

California and Arizona, Senator Pointdexter believes, will elect Republican Senators, without doubt, and what three weeks ago was a discouraging situation has been turned into a Republican optimism with Montana the only black cloud on the horizon.

Wagers were made here yesterday that Senator Harding would carry New York State by 200,000 and would win with him the entire Republican vote.

Espionage Act Violators Not Lawful Voters.

(BY A. P. DAY WIRE.)

SACRAMENTO, Sept. 8.—Persons convicted in the Federal court of violating the Espionage Act are not eligible to vote in California, and those who do exercise the right of an elector are subject to prosecution.

The opinion was asked for on behalf of the Santa Barbara Post-American Legion.

DECLARES KENTUCKY WILL GO REPUBLICAN.

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 8.—Kentucky will be found in the Republican column at the November election, according to a prediction made by H. H. Hart, Kentucky National Committeeman for that State, who arrived in New York and entered upon his duties at Republican headquarters.

"We have an excellent organization in Kentucky and the people there are taking this campaign very seriously," said Hart. "The sole hope of the Democrats for success is by combining the electoral support of the South with the northern votes."

"If the country goes Democratic this year it will be the grip of the same old southern machine, plus these local bosses of the northern States."

LITTLE RUSSIANS ON DUTCH LEAVE.

Half of Hundred Held in New York Stal Away from Wadsworth.

(BY A. P. DAY WIRE.)

NEW YORK, Sept. 8.—Fifty of the 100 Russian refugee boys who escaped yesterday from Fort Wadsworth, Staten Island, were still at large early today. Red Cross officials, under whose care the children are being returned to their homes in Russia, police and civilians, were searching the island for the fugitives. The escape was believed by the authorities to have been aided by Bolshevik sympathizers. Red Cross officials believe that the escape was simply a boyish desire to see the sights of New York.

MOSES' VOTE IS BLOW AT WILSON.

Democrats Now Pin Hopes to Western States.

Idaho Favorable to G.O.P., Declares Borah.

People Indignant at Cox, Says Senator Pointdexter.

BY ARTHUR BEARS HENNING.

(EXCLUSIVE DISPATCH.)

WASHINGTON, Sept. 8.—In the first test vote in the country on the League of Nations, the Wilson covenant has been emphatically condemned.

The Republicans of New Hampshire have renominated Senator George H. Moses, an "irreconcilable" who voted consistently against the covenant, either with or without reservations. He won by the remarkable majority of 12,000 in a total vote of 16,000.

The result is a severe blow to Democratic hopes. New Hampshire is the only eastern State President Wilson carried in 1916. He won the State by a plurality of 56, as the result of dissension among the Democrats.

The New Hampshire test bears out Republican predictions concerning sentiment on the League issue in the West. The Democrats, however, still pin their faith to an endorsement of the covenant by those which were shown in the West by the President on the "kept us out of war" issue.

President Wilson, it became known today, is planning to warm up the "great and solemn referendum" on the covenant, in a series of letters defending the League and replying to criticisms.

Senators Borah and Pointdexter deny that there is any danger of the West going Democratic on the League issue. "The situation in Idaho, from a Republican standpoint, is good," said Senator Borah. "In fact the trend in the West is to the Republican party. The people are dissatisfied with the present administration and they want a change."

High taxes, high prices and the high railroad rates—recently increased—all contribute to the feeling of dissatisfaction.

Senator Pointdexter said that he believed the trend of opinion in the Far West was strongly Republican. "The Democrats are in a bad position," he said. "The Republican trend, Senator Pointdexter said."

"It is based in the first place, and springing in general terms, on the fact that the great mass of the people, regardless of party, in that section of the country, are tired of the Democratic administration, and are indignant at the Democratic candidate, Mr. Cox, on account of his assertion that he will carry out the policies of the Wilson regime. We are tired of the war and the threat to keep us in a state of war until President Wilson's covenant and constitution of world government is carried out."

SENATOR WILSON SCHEMES. "We cannot get back to normal conditions of business, of industry, of foreign commerce. This is impossible as long as our international relations are suspended in the nebulous schemes of President Wilson, now supported by Gov. Cox, leaving without any definite basis for the conduct of our affairs. We made a separate declaration of war against Germany and we repudiated the assertion of Gov. Cox that we cannot make a separate declaration of peace. We conducted the war as an associate of the allied European nations. We know, as normal Americans, that we can conduct all of our international business as an associate of those nations without forming either a permanent alliance with them or going to the extreme of setting up a committee of government for the whole world, of which Gov. Cox would probably appoint President Wilson as the representative of this country."

"Our people do not propose to keep an army perpetually in Europe or to be a party to every European war, regardless of whether we are nationally interested in it or not. We do not propose to be made the guardians of the world and to contribute our resources and the chief energies of our nation in handling other people's affairs. We know further that the effort of Gov. Cox and President Wilson to have the United States subjected to a world government under the constitution brought back by President Wilson is a part of the plan, the details of which were presented in the Senate during the recent debate, to pool the war debts of Europe, including those of Germany, in which the United States would be the chief solvent debtor."

RESENTFUL AT PURPOSE. "We feel that the \$26,000,000,000 which we spent in the war was really a sufficient contribution. There is a great deal of resentment at the boldly avowed purpose of the Democratic administration backed up by

MIDNIGHT SONG STIRS ANIMALS.

Sailors Play Hosi on American Singers Aboard Vessel.

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 8.—A story of rough stuff on the Holland-American steamship Noordam, on July 4 last, was related by Miss Marjorie Rambeau, actress, who returned yesterday on the steamship Nieuw Amsterdam. Miss Rambeau said that just after midnight, which marked the beginning of July 4, a dozen American women went on deck to celebrate Independence Day and sing "The Star Spangled Banner." As soon as they began two sailors turned a hose upon them and the women, all in evening clothes, were drenched. This rather broke up the jubilation, and the women started for a lower deck, the hose again was turned on them.

Gov. Cox, using the exact words and law, has been posted recommending the greatest seriousness to the workers and threatening that those offending against the public morals will be put to shame.

WORKERS USE SEARCHLIGHT. From the Westinghouse works at Vado, on the west side of the Gulf of Genoa, a powerful searchlight illuminates the entire western Riviera and Genoa to prevent any surprise movement on the part of the authorities.

The Giornale d'Italia publishes a telegram from Sarzana which states that the lighted mines of Lunel, employing 400 men, have been occupied by workers, neither the government nor the proprietors resisting, red and black flags waving over the mines. The workmen directing the mines, it is added, have put all the fuel required from them at the disposal of their colleagues.

FOR HOME USE
 Golden State Powdered Skim Milk is now available for household use in the convenient one-pound cans.
 For years it has been manufactured and sold in bulk to larger users by California Central Creameries.
 Wherever milk is used in quantities, by hotel bakers and pastry chefs, by confectioners and in hospital dietary kitchens, the dry powdered form has proved its value in established use.
 The progress of the dairy industry now makes it possible to distribute this product in pound cans for homes.
 It brings milk from distant pastures for city use, keeping its fresh flavor. Removing water saves freight costs. You add the water as you use it.
 Its quality is assured by the same high standards maintained in making GOLDEN STATE BUTTER.

MEXICO OWNS FEDERAL ZONES.

Petroleum Concessions Are Discussed by President.

Nation Has No Desire to End United States Imports.

Campaign Waged Here "North American Bluff."

(BY A. P. NIGHT WIRE)
 MEXICO CITY, Sept. 8.—Certain suggestions relative to the administration of Federal zones in connection with petroleum operations are included in a letter the Mexican Foreign Office has received from George T. Sumner, in charge of Affairs at the United States Embassy. In discussing this letter yesterday Provisional President De la Huerta said:
 "The Federal zones are the property of the nation, which maintains the right to dispose of them as she desires. A departure from this policy would mean the loss of the nation's sovereignty."
 The Provisional President declared this letter to be the only communication relative to petroleum sent to the Foreign Office by the United States.

QUESTION IS "BLUFF."
 "Mexico has no desire to curtail her exports of oil to the United States," the Provisional President continued, "and the campaign waged here relative to the oil question is nothing but a so-called 'North American bluff' by enemies of the Mexican government."
 Asked if Mexico could exist without recognition of her government by the United States, De la Huerta declared:
 "We are still existing. Mexico has expressed her willingness to be on friendly terms with the world at large, and now it is up to the world to decide whether it wants Mexico as a friend."

TO GRANT CONCESSIONS.
 The Federal zones, the Provisional President declared, would not be kept as national reserves, but would be given out under concessions, under an agreement to pay a royalty of 15 per cent of the oil produced, which would be sufficient to meet the government's needs.
 He denied the government intended to confiscate the vested rights of companies operating wells in these zones, and asserted the petroleum question could be settled by a settlement of the question, saying:
 "This would force them to exhibit their titles to oil lands, and many of these titles are defective."

PRE-PROHIBITION SNAKE DISCOVERED IN UTAH.

SCIENTISTS ARE PUZZLED BY BONES OF PREHISTORIC REPTILE.

(BY A. P. NIGHT WIRE)
 SALT LAKE CITY (Utah) Sept. 8.—Fossil remains of what was believed to be a giant prehistoric reptile, about forty-five feet long, have been unearthed at the Dinosaur national monument quarry, Jensen, Utah, according to reports received here.
 Dr. Earl Douglas, who has charge of excavation work at the quarry, was unable to classify the find. At the suggestion of Dr. William Holland of the Carnegie Museum of Pittsburgh, the find was called a "Utaiaurus."
 At the quarry many specimens of ancient animals and reptiles have been discovered. The State is to be asked to finance a move to mount one of the skeletons at the workings.

THIEVES GET FORTUNE, MAIL "JOKING" LETTER.

NEW YORK MAN WHO LOST \$25,000 RECEIVES JIBE OF ROBBER.

(EXCLUSIVE DISPATCH)
 NEW YORK, Sept. 8.—Philip S. Smith, president of the United Auto Rim Company, West Fifty-third street, who was robbed of \$25,000 in money and jewelry in his office Saturday morning, today received an anonymous letter giving the impression it was written and mailed by one of the hold-up men. It was mailed at Indianapolis, Ind., according to the postmark, and read as follows:
 "You should not be in such a big city. It seems a shame. You should be under the guidance of a marshal or a sheriff. No brains—for a guy like you in a big city. You should make your exit and go to some small town. You would probably be better off. I got \$27,500. I should worry."
 "Ta, ta, good-bye."

WELL IS DECLARED TO BE PUBLIC UTILITY.

LOS ANGELES COUNTY MAN MUST SUPPLY WATER TO COJONIST, RULING.

(BY A. P. DAY WIRE)
 SAN FRANCISCO, Sept. 8.—A well owned by Thomas J. Rourke at Asuna, Los Angeles county, was elevated to the dignity of a public utility by the State Railroad Commission here today when it decreed that a colony of Mexicans would have to pay certain fixed charges for water.
 The commission notified Rourke that he would not be permitted to refuse "from the public utility field," but must collect a minimum rate of \$9 a year from the colonists. The commission also provided that upon payment of 75 cents, water may be diverted from the well to a cistern for a period of half an hour each month. Any colonist upon payment of \$2.50 may take all water desired from the well for a period of one hour.

RICE IMPORTATION TO CUBA BY GOVERNMENT.

DECREE SIGNED BY PRESIDENT MENOCAL: FINANCIAL PROBLEM SERIOUS.

(BY CABLE AND ASSOCIATED PRESS)
 HAVANA, Sept. 8.—President Menocal issued a decree yesterday prohibiting importation of rice until Jan. 1, 1921, except under government license. This step was taken as a means of arriving at a solution of the financial problem which arose between Cuban importers and American exporters upon payment through the failure of the former, after a slump in the market, to fulfill contracts covering between \$25,000,000 and \$30,000,000 worth of rice contracted for by this country.

ORDER INVESTIGATION OF RULING ON RATES.

(BY A. P. NIGHT WIRE)
 WASHINGTON, Sept. 8.—Investigation was ordered today by the Interstate Commerce Commission into the reasonableness of the order recently issued by the New York Public Service Commission declining permission to railroads in that State to increase intrastate rates in conformity with the recent increase in interstate rates.
 The commission announced that hearings would be opened next Monday in New York. The primary purpose of the investigation, the commission said, would be to determine whether the rates and charges required by the State Public Service Commission will cause undue or unreasonable advantage, preference or prejudice as between persons or localities in interstate commerce on the one hand and interstate commerce or foreign commerce on the other hand.

AUTO KILLS GIRL.

Drunk Driver Runs Car on Sidewalk After Running Down Youth.

(EXCLUSIVE DISPATCH)
 MOLINE (Ill.) Sept. 8.—Josephine Moline, a 15-year-old girl, was killed in the County Jail today as the result of her car running over the girl as she was walking with a chum on the sidewalk in that city yesterday afternoon.
 Usual had struck and seriously injured a Mexican youth a few moments before and was attempting to elude pursuit when he drove over the curb and struck the girl. Usual did not stop after hitting the girl, but was caught at a block away. He was alleged to have been drunk.
 Miss Moline was returning from the Labor Day celebration, in which the "Hungarian" in that city was celebrating.

REWARD FOR MURDERER OF NEGRO TAXI OWNER.

(EXCLUSIVE DISPATCH)
 VICKSBURG (Miss.) Sept. 8.—Citizens of Vicksburg have contributed \$250 as a reward for the capture of a negro taxi owner who on Friday, August 27, shot and killed a negro taxi owner, John Cox, several miles from Vicksburg on the road to Clinton, and stole the negro's pocketbook and automobile. The statutory reward is \$100. A separate fund reward of \$150 was offered to anyone who would bring about a concerted movement for restoring the soil of the country to its natural state.

Silk Shirts are Favorites with Stockyards Men.

(EXCLUSIVE DISPATCH)
 CHICAGO, Sept. 8.—Young bloods who work at the stockyards don't mind paying \$18 and \$20 apiece for silk shirts. And they buy quite a few, too.
 So, stated Mr. Meyerhoff, proprietor of a general merchandise store in the yards district, testifying before Judge Altshuler at the hearing of the petition of workers in the yards for increases in pay. Mr. Meyerhoff's testimony was introduced to provide information on the standard of living of workers at the yards.
 "I sell a good many silk shirts to the men, especially the young fellows," said Mr. Meyerhoff. "They want only the best and are not afraid of the prices, apparently. It is the same way with shoes. They buy the best brands."
 Asked if the prices on articles of clothing were over a year ago, Mr. Meyerhoff said he had dropped in a pair of whole sale.

HOME-RUN ARTIST IS SUED FOR DAMAGES.

COMPANY SEEKS RECOMPENSE FOR BARE RUTH SAVING FILMS WERE FAKED.

(EXCLUSIVE DISPATCH)
 NEW YORK, Sept. 8.—The Educational Film Corporation brought suit yesterday in the Supreme Court against George H. Ruth, of "home run" fame for \$250,000 damages, because on August 23 last "Babe" was quoted in the Morning Telegraph with having said that the plaintiff's pictures of him under the caption of "How Babe Ruth Knocks His Homer," were not authorized as he had never posed for the alleged series.
 Included with Babe as co-defendants are the Yankee Photo Corporation, Adam Kessel and Charles C. Baumann.
 The plaintiff declares in its complaint that it has hitherto done valuable educational work for the Y.M.C.A., the Red Cross and kindred organizations and that the assertion that its films are "faked" has damaged it to the extent of \$250,000.
 The Educational Film Corporation was one of the defendants in the suit. The plaintiff, the Educational Film Corporation, was one of the defendants in the suit. The plaintiff, the Educational Film Corporation, was one of the defendants in the suit.

SENATORIAL ASPIRANTS RUN UP LARGE BILLS.

UNCLE JOE CANNON HOLDS CANDIDATES' ECONOMIST RECORD.

(EXCLUSIVE DISPATCH)
 WASHINGTON, Sept. 8.—The Republican Senatorial primary in Illinois has been most expensive to B. M. Chipfield, up to date, according to preliminary returns of expenditures filed by the candidates with the Secretary of State. He reports a total expenditure to date of \$9100. As itemized the major part of this sum has been used for publicity work and in paid newspaper advertisements.
 Congressman William B. McKinley reports an expenditure of \$6500 and Congressman Frank L. Smith has spent, as shown by his returns, \$2,474.46. None of them has received any financial help from personal friends or political associates.
 Peter A. Waller, who is trying for the Democratic nomination for the Senate, reports an expenditure of \$2099.
 In the Wisconsin Senatorial primary Senator Irvine Lenroot had the assistance of both regular and independent Republicans from outside the State. Col. A. T. Hart of Kentucky, member of the Republican National Committee, contributed to the Lenroot campaign fund \$5000 while Clifford and Amelia Pinchot are credited with having given \$500 each. The total contributions received by Lenroot was \$6500.
 His campaign expenditures have aggregated \$5500 with about \$700 paid out by the Lenroot personal campaign committee which the law does not require to be itemized.
 James Thompson, leading competitor of Senator Lenroot, reports an expenditure of \$242,284. A. C. MacHenry, another Senatorial aspirant, received in contributions \$198,273 and expended to date \$118,234. Frank J. Weber, the Socialist candidate, reports that he had no expenses requiring a return under the law.
 Anne Martin of Nevada, the only woman making a race this year, for the United States Senate, has reported to the Secretary of the State that her campaign to date has cost \$2453.77, while funds contributed to enable her to make the contest amount to \$2473.97. One of her contributors, Mrs. Elizabeth Kent, has given about \$1500.
 Comparatively little money seems to have been expended in the various Congressional districts in Illinois during the primary contest. E. R. Conley has spent \$1182.95 having Uncle Joe Cannon for his nomination while Uncle Joe has paid out only \$7.60.

DOHENY'S NEW LEASES.

Gets About 800,000 Acres Just North of Famous Tampico Oil District.

(EXCLUSIVE DISPATCH.)

NEW YORK, Sept. 8.—E. L. Doheny, president of the Mexican Petroleum Company, confirmed today reports that the company has acquired leases on approximately 800,000 acres of oil lands located just north of the Tampico district. The new acreage will more than double the company's holdings in the Tampico district, which cover about 400,000 acres and will bring the total up to 1,400,000 acres.

Mr. Doheny said that the company's policy of obtaining additional oil acreage will be explained more fully in the next annual report. The lands leased to the Mexican Petroleum Company were owned by former President Manuel Gonzalez and were leased for a period of forty years from his heirs and assigns. The rights to drill for oil were obtained from the present owners of the land.

The new tract, according to Mr. Doheny, shows great oil seepage and adds greatly to the life of the Mexican Petroleum Company. It is stated, estimates that there is a million barrels of oil under the new lease, which is under Mexican Petroleum's old territory.

AWAIT STABLE CONDITIONS.

Drilling operations in the new district will not begin until conditions are stable. It is understood that Mexico has become more settled in this connection much interest was shown in a report that the interview with Provisional President De la Huerta, who at a luncheon to foreign newspaper correspondents had declared that American oil producers are trying to avoid or reduce payment of taxes and royalties. His reported endorsement of the oil industry, of an international character, was considered of utmost importance, if true. The attitude taken by the association.

EXPECT RECORD CROWD AT STATE FAIR TODAY.

CELEBRATION OF ADMISSION DAY FEATURE OF THE PROGRAM.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, Sept. 8.—A record crowd is expected at the State Fair tomorrow which will be celebrated as Admission Day, Rotary and Governor's Day. The fullest program of the week has been prepared for the occasion.

Delegations from Rotary clubs from all parts of the State will be in attendance. They will be the guests of the directors at a dinner tomorrow evening at 8 o'clock. Live stock shows will be the feature of the day.

The \$2,000,000 stock parade, one of the big events of the week, will be held at 11 o'clock tomorrow morning. All the live-stock entries will participate.

A conference of cattlemen was held today at the fair. Acting Gov. Young was one of the speakers and others included officers of the California Cattlemen's Association, the organization which had called the conference. Plans for betterment of the industry were discussed.

This was "Sacramento Valley Day" at the fair.

Despite weather cooler than is ordinary at this time of year, attendance records were maintained at the fair today. Sacramento is thronged with visitors, but the industry has been found for all, through a placement bureau maintained by the Chamber of Commerce today said.

Good Attendance at Congress of Eastern Peoples.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Sept. 8.—Some eighteen hundred delegates were present at the opening of the Congress of Eastern Peoples in Baku, Transcaucasia, on September 2, says a wireless message from Moscow today.

They included G. S. Zinoviev, soviet Governor of Petrograd; Earl Baskin, the radical leader; Bela Kun, former Communist dictator of Hungary; and representatives of the Third Communist International.

Nikolai Lenin was elected honorary president and Leon Trotsky, Russian People's Commissar, was elected honorary member.

PAPERS SUE PRINTERS FOR CONTRACT BREACH.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, Sept. 8.—Liverpool and Manchester were still without newspapers today as a result of the strike of compositors begun August 30 for more pay.

In Liverpool, however, two publications were issued last evening by the photographic process. The newspapers of Manchester have caused the strike of compositors to be issued against the strikers for breach of contract.

He explained that consistent efforts had been made to avoid receiving pledges from large interests in the city, but that the strikers might afterwards demand favors of Congress.

"We made no attempt whatever to get contributions from officers of corporations as such," said Blair. "As such what?" asked Senator Read.

"We went to them in their capacity as individual citizens and not as officers of corporations," explained Blair.

"You mean you went to the individual officers of the corporations and not to the corporations themselves," rejoined the Missouri Senator.

proposal to raise the limit of individual campaign contributions above \$1000 was the only reason for the disapproving of form 101. He said his plans contemplated no secrecy in fund collecting, but characterized as a campaign expedient an instruction in the form warning against leaving papers relating to fund drives on the tables after a luncheon.

Senator Kenyon called attention to the fact that the work in Cleveland described by Blossom at the morning session followed the details of form 101 closely.

Blair agreed that some sections of form No. 101, aside from the plan to raise the limit of campaign contributions above \$1000, demonstrated that the national headquarters showed wisdom in refusing to sanction the document. Asked how successful his drive for funds had been, Blair said that between December 1, 1918, and June 13, 1920 (the pre-convention period) cash and pledges amounted to \$1,700,000. From June 12 to September 7, he said, the total was \$1,300,000.

"Did you ever hear of a \$15,000, 000 fund?" asked Senator Spencer. "I never did until I read the Cox Pittsburg speech," said Blair.

"But you would have heard of it if it had been planned?" asked Senator Edge.

"Not only that, but I would have refused to undertake to raise it, on a quota list calling for \$5,000,000," responded the witness.

He explained that consistent efforts had been made to avoid receiving pledges from large interests in the city, but that the strikers might afterwards demand favors of Congress.

"We made no attempt whatever to get contributions from officers of corporations as such," said Blair. "As such what?" asked Senator Read.

"We went to them in their capacity as individual citizens and not as officers of corporations," explained Blair.

"You mean you went to the individual officers of the corporations and not to the corporations themselves," rejoined the Missouri Senator.

son, when the Missouri Senator accused the witness of being insolent. Senator Read's ire was roused when Blair asked what his salary as assistant to Upham was replied: "Six hundred dollars a month. I have no perquisites as Senators do." "Do you know of any perquisites Senators have, since you are so insolent?" Senator Read asked. "Let me tell you something. You are a witness here and you are going to answer questions like a gentleman."

Senator Kenyon restored peace. Blair told the committee that his assistants were paid from \$150 to \$400 a week. Chicago, New York and several other cities each has an individual director, he said.

The Chicago director, Frederick C. Harbison, head of a New York organization of professional money raisers, received \$600 a week and his hotel bills. The Chicago money-raising campaign, with \$500,000 as its goal, is being started tonight, he said, with a dinner of team captains and workers at a downtown hotel. He estimated there were 600 men engaged in the Chicago campaign to raise the \$500,000 in the next seven months. In addition, Senator Read brought out there is a woman's organization which has been raising money for four or five months in Illinois.

Among his paid assistants, most of whom in addition to their salaries, receive \$50 weekly for expenses, Mr. Blair named the following:

Senator Kenyon restored peace. Blair told the committee that his assistants were paid from \$150 to \$400 a week. Chicago, New York and several other cities each has an individual director, he said.

The Chicago director, Frederick C. Harbison, head of a New York organization of professional money raisers, received \$600 a week and his hotel bills. The Chicago money-raising campaign, with \$500,000 as its goal, is being started tonight, he said, with a dinner of team captains and workers at a downtown hotel. He estimated there were 600 men engaged in the Chicago campaign to raise the \$500,000 in the next seven months. In addition, Senator Read brought out there is a woman's organization which has been raising money for four or five months in Illinois.

Among his paid assistants, most of whom in addition to their salaries, receive \$50 weekly for expenses, Mr. Blair named the following:

LIST OF WORKERS.

Henry E. Owen, central region director, \$200 weekly; Charles B. McKeand, \$200; Walter Quercia, \$100; C. W. Lee, eastern regional director, \$200; Carl B. Fritzsche, Michigan director, \$100; E. K. Thompson, Illinois director, \$150; E. H. Brown, California director, \$125; W. A. Kling, San Francisco and Los Angeles director, \$150; W. A. Bury, assistant to Kling in Los Angeles, \$100; H. R. Ewart, Oklahoma director, \$100; Benjamin Tait, assistant to Ewart, \$125; Marion McCormack, Tennessee director, \$100; H. C. Whitehill, director, Maine, Vermont, New Hampshire and Massachusetts, \$125; D. W. Williams, assistant to Whitehill, \$125; A. F. Hoffman, assistant to Whitehill, \$100; W. S. Sawyer, assistant to Mr. Whitehill, \$100; R. P. Strine, Detroit director, \$200; A. A. Frotsman, Cleveland director, \$200.

There are several other paid of workers, when the Missouri Senator accused the witness of being insolent. Senator Read's ire was roused when Blair asked what his salary as assistant to Upham was replied: "Six hundred dollars a month. I have no perquisites as Senators do." "Do you know of any perquisites Senators have, since you are so insolent?" Senator Read asked. "Let me tell you something. You are a witness here and you are going to answer questions like a gentleman."

FRESNO RAISIN COMBINE ASSAILED AS A TRUST.

Government Sues to Cause Dissolution of Associated Company, Charging Coercion and Price-Gouging.

A suit designed by Atty.-Gen. Palmer to bring about the dissolution of the California Raisin Company, a \$5,000,000 Fresno stock combine, as a combination in restraint of trade and in violation of the antitrust law, was filed in the United States District Court yesterday.

The suit is the result of an investigation made by the Federal Trade Commission. Following the inquiry, which lasted more than a year, the commission turned over to Atty.-Gen. Palmer the evidence collected in its proceedings.

PRISON AT END OF HONEYMOON.

Young Husband Arrested on White Slavery Charge.

Also Wanted for Theft in New York, Say Police.

Capture Follows Accusation by a Woman Scorned.

The woman he scorned and the woman he loves, yesterday watched as, collected William H. Riddle, reach the end of his honeymoon trail—in a cell at the City Jail.

The first in the woman whose story resulted in his being charged with violation of the Mann Act. The other is a South Flower-street apartment.

Back of the white slave case is another charge, the arresting officers say. One William H. Riddle, polished and good-looking, a clerk in a fashionable New York hotel, abandoned some months ago with a jewel box belonging to a woman guest, and with \$15,000 worth of diamonds, it is asserted. He was traced to the Pacific Coast Circulars received by the police and by hotels here.

Yesterday after Riddle was placed in jail the officers announced that their prisoner is the William H. Riddle wanted in New York. He is the man, they said, who came to this coast with a young and beautiful woman. That woman, now living in this city, stuck to him through anxious months, the officers declared, and then, accused and deserted, told her story. Investigations based on information from another source and made under the direction of Special Agent Connell of the Department of Justice finally led to the arrest.

Riddle had no diamonds when blue-eyed, pretty Elsie Smith, now Riddle, met him here five weeks ago, at the home of a friend. He was just "Billy," tall and strong and suave and collected and wonderful. He said he loved her and asked her to marry him. August 30 they were wed.

"Oh, why didn't I know something about this sooner?" the little county grand juror cried through her teeth last night. "Nobody told me, and he was just 'Billy' to me. He told me he was a motion-picture director. He said he had money. He said now, all this came—oh, what shall I do. Riddle was still cool and collected when seen at the City Jail last night, but not altogether suave or quite as debonair as in days past.

"Isn't there some way we can keep this little girl out of this?" he asked with genuine concern. "I don't know what you say about it, but she is a good girl, a very good girl. Can't we keep her out of this?"

On other subjects Riddle was less tactful. He had been in New York and overseas, but what did it matter in what outfit? He said he was a construction engineer, but has done a little of everything. He has been to college, but who cares where? The other woman? Perhaps there was another woman, but he had nothing to say. "I'll tell these charges against me, of course," was the only statement he would make in that respect.

FORMER BANKER INDICTED.

Ex-Manager of a Hollywood Branch is Accused of Grand Larceny.

Otis B. Berry, former manager of the Hollywood branch of the Chicago Trust and Savings Bank, and at one time assistant cashier at the main bank, was arrested last night at his residence at the Alvarado Apartments, charged in four separate counts of an indictment with grand larceny, and with being a principal in the recent activities of a bank robbery.

Mr. Berry was arrested by Deputy Sheriff's Hots and Cooper and Clark Kinkaid, special investigator of the District Attorney's office. He was released on \$10,000 cash bail, furnished by his brother, Thomas H. Berry.

The charges were contained in a secret indictment returned by the grand jury at 4 p.m., and, it is reported, grew out of the bank robbery at the bank on August 31, when \$24,000 from John Hamler.

Mr. Berry denies all knowledge of the charges against him. He said that he was a bank employee, and as those of any other bank man. "If a man came up to bank with a check, and his account was good, the check was cashed, and if he had negotiable securities they were sold for him," he said. He knew nothing of the indictment until the deputies came to his home to arrest him.

WOMAN CLERK ACCUSED. Arrested on Charge of Juggling Sales Slips of Store.

Charged with manipulating sales slips to her own advantage, Ruth May Davies, of 942 South Flower street, a clerk in a West Seventh-street department store, was arrested last night by Detective Alexander of the Detectives Agency. She is held in the City Jail on suspicion of grand larceny.

Mrs. Davies, whose husband, J. R. Davies, is a plumbers' helper, confessed that she had embezzled \$600 in cash and merchandise valued at \$200, according to Detective Alexander. She said her pecuniary occurrences during the last six months and that she was buying an automobile with the money obtained, according to the detective.

Her system of manipulating the checks, according to Detective Alexander, was to turn back to the store a sales check for less than the amount received by the article sold and then retain the difference.

MONEY NEEDED BY G. O. P. TO COMBAT FALSE COX CHARGES.

Back in his little old home town of Marlon, O., Senator Harding, Republican candidate for President, is directing the destinies of his party during the campaign in that quiet, dignified manner which begets confidence and clearly indicates the safe and sane temperament of the man who seeks the highest office in the land.

Fitting back and forth from State to State, hobnobbing like a weaver's shuttle in and out of towns and cities, is the candidate of the Democrats. He is traveling in his private car, surrounded by henchmen, retainers and servants. His speeches are devoid of argument and have resolved themselves into one long continued diatribe filled with invectives hurled at the head of the management of the opposing party.

His claim to fame is based on the untrue statement that the Republican party has a campaign fund of \$15,000,000. He wants you to elect him because he says those opposing him have received financial support from the big institutions of the country. Admit his statement to be true, and he convicts himself with his own testimony, because it is only fair to presume that the men who have done big things in private life are best qualified to judge of the qualifications of men who aspire to national leadership.

TWO NAMED IN SUIT FOR BALM.

Husband Charges Defendants Both Gained Wife's Love and Lured Her Away.

Two defendants are named in the lost-love suit filed yesterday by Murrel W. Franklin, a cigar man. He charges Frank Motloch, who is well-to-do, and Martin Reiger, a sheet-metal worker, with maliciously gaining the affections of his wife, Karla Franklin, and enticing her from home.

According to Attorney Moore and Patterson, Mr. Motloch made love to Mrs. Franklin, and Mr. Reiger assisted him. Damages are asked in the sum of \$10,000.

NEW TURN GIVEN GORMLEY MIX-UP.

Wife No. 1 Asks Nevada Court for Absolute Divorce.

Paves Way for Chauffeur to Rewed Kelly Heiress?

Action Comes as Surprise to Lawyers, Detectives.

Another chapter was begun yesterday in James J. Gormley's book of marital complications when his first wife, Mrs. Ramona Pinkney Gormley, instituted suit in Las Vegas, Nev., for absolute divorce. It is based upon the grounds of extreme cruelty and failure to provide.

Paradoxical as it may sound, it looked like a good day for the husband since the way had been paved for straightening out his matrimonial tangle. For, if Mrs. Ramona Gormley is granted a divorce he will be free to remarry his second wife, Mrs. Helen Kelly Gormley, and the probabilities are that a perjury charge against him and a \$100,000 alienation suit against wife No. 2 will be dropped.

EX-SOLDIER FREED FROM PIOUS WIFE.

Tells Judge She Refused to Live With Him as Wife, but Loved Him Like Sister.

"I shall always love you as a dear brother, but God alone is my husband, and I am happy." This is an extract from a letter Mrs. Laura M. Boyd of Boston wrote to her husband, William Boyd, who was granted a divorce by Judge Taft yesterday.

The trial of his action revealed a romance in the life of Mrs. Boyd. She was 19 and wealthy. He was 22 and a mechanic at the Coronado Hotel garage. While she was a guest at the hotel, Mrs. Boyd met the mechanic, liked him, and then began to love him. They were married in Los Angeles in February, 1917, three months from the time they met.

Mr. Boyd went into the Army and was discharged on account of his health. While he was in the Army, she went to Boston. He was to join her there upon his return from service. Meantime, she had become devotedly religious. Mr. Boyd arrived in Boston, but the atmosphere had changed. Instead of a loving wife, he found Mrs. Boyd restrained. She declined to allow herself to be known as his wife. He met her subsequently at Riverside, but she declined to live with him.

"I am positive it is all for the best," she wrote him, "as our lives are quite different, and you have often told me."

She reminded him there is the right kind of girl somewhere "who will be just the kind of a pal you like."

STEAL JEWELS AND CLOTHES. Cutting their way through a rear window, burglars early this morning broke into the home of Cecil Frank at 6220 Yucca street and escaped with jewelry and clothing valued at about \$1500. The robbery was not discovered until Mr. Frank returned to his home from a theater.

Why Not Buy That NEW EDISON Today?

You've been planning to buy it for months—ever since you heard it last time at a friend's house. Remember what you said?

"Really, it's incredible! I could swear Anna Case was right here in the room. I don't doubt their claim about the tone test—that you can't tell the living artist from the instrument when you hear them together."

Remember how the evening flew—how your friend played one RE-CREATION after another?

Why delay any longer? Why not have the New Edison sent out today as a surprise to your family? If you don't feel like paying in full we can arrange for payments at intervals. You gain nothing by delaying. It won't wear out, you know. It will outlive you.

The People and Their Daily Troubles

BETTY STARTS AS VAMPIRE BUT MEETS THE RIGHT MAN.

BY JANE DIXON.

Instinct drives human nature to seek pleasant places.

It is as much a part of us to strive after the sunny spots in life as it is to reach for a glass of cool water after protracted thirst or to relax in the grateful breeze of a friendly fan after a long spell of oppressive heat.

But pleasant places are not always easy of access. We search ourselves to weariness for the garden which is blooming so verdantly in our back yard.

A man once traveled into every foreign clime hunting for suitable subjects for his camera. He was a nature lover, and he determined nothing worth while in the scenic gallery of the Greatest Artist should escape him.

After many years the man returned to his land—which is our land. He had never quite caught the picture he sought. He drifted into the West country. Tears were in his eyes when he looked, for the first time, upon the grandeur of the Rockies. He found his picture.

Betty was a pleasure-seeker. If you had charged her with this prevalent folly Betty would have been the last person on the calendar to plead guilty.

"I'm simply restless," Betty would assure you. "I can't endure standing still, I must be on the go."

Betty's mother inveigled her to the physician on the suspicion daughter was suffering with nervousness. The medicine was a diplomat. He gave Betty a bottle filled with distilled water tinted with vegetable coloring and flavored with a few drops of some harmless, bitter liquid that would give his friendly host the medicinal tang. What he wanted to prescribe was a good, stout shingle and a willing parental arm.

The contents of the formidable looking bottle had a certain psychological effect on Betty—for a few days. It soon lost its punch, however, and the patient returned to the hunt with added zest.

Betty's idea of a profitable day was to arise rather late in the morning, girl herself for a luncheon engagement, progress to tea in the afternoon, go on to dinner and some fresh frivolity in the evening and wind up with supper on one of the roofs, in restaurant or in other occupied boudoir of amusement.

On the few occasions when Betty found herself marooned at home for an entire evening without an invitation she was as restless as a gnat in a glass bowl. She has been known to telephone as many as a dozen acquaintances at such a time, hoping she would run into "something to do." Failing, she in-

variably contracted "blues" and a heavy "grouch."

As time winged, there was an almost imperceptible ebb in the quality of Betty's companions. Her "nice" friends could not follow her feverish search for pleasure. They stopped now and again to attend to the serious business of life. The girl was compelled to go on with drifters like her—smirkers and parasites and ne'er-do-wells.

She grew less careful about the places she frequented. Her avidity for fun was so intense she no longer found sufficient time to care about her clothes or the grooming of her person. Late hours and excitement and close atmosphere sapped her vitality. She appeared drab and dull until the lights flared on in the evening.

"My idea of a regular world," she would remark facetiously, "is one in which people stay up all night and sleep all day."

This, too, was supposed to be big time talk. It purported to prove that good fellow Betty really was a developed a tact, understanding that she possibly would not go home until every lead in the line of places to go was exhausted.

Sensible men began to avoid Betty. They came to realize she was sort of a vampire. They were tired of her company. They almost always arrived at their work late and gave about 25 per cent efficiency to whatever they were doing. In the cold gray dawn of the morning after she dragged them from their pillows with no more than an hour or two sleep to their credit, they solemnly swore they were through with Betty, and more often than not they kept their oath.

Strange what a thin line draws the boundary between tragedy and its antithesis.

Thousands of girls travel the Betty route and bring up at the end in tears and sorrow. Only one in a hundred escape an ugly ending.

Betty is that one.

In a sane moment which she happened to be spending with a friend of less hectic days, she met a man.

He was a quiet fellow, grave, kindly, full of fun and humor on occasion; decisive to a high degree. It was a straightaway case of love with Betty and the man.

When the pleasure-seeker first realized she could not convert him to her cafes and her crowds she was miserably unhappy, but not so unhappy as she would be without his regard.

She tried wheedling and sulking and highflown indignation. None of them worked. Bob preferred to spend some evenings with her in her home. If she objected he left early, which was a million times worse than if she had none or less of a home life. Betty conceived the idea of making her enforced quietude attractive. She began beautifying her home.

"Are you sure you are feeling well, daughter?" Betty's mother inquired at this point. She felt such reformation might signify her child had

been marked for early entrance to the party gates.

Betty became so absorbed in her new task of "fixing things up" at home she actually forgot two of three luncheon engagements with the gang. Bob supplied a Victrola, which was quite as enticing in its way as a jazz band and a lot more versatile.

Certain friends began dropping in at Betty's in the evening. It was comfortable there, and one could be certain of a bit of music, a dance or two, intimate chatter, wholesome fun.

The confirmed coffee hounds did not come. They considered such occupation a waste of time and utterly stupid. Just as well they did not as they would probably have burned Betty's new piano with the butts of their cigarettes and distributed the ashes thereof over her choicest living-room rug. A pig in a parlor remains a pig just the same.

Betty is engaged to the grave young man with the saving sense of humor and the kindly, but firm hand. She looks ten years younger and ten times more desirable than she did six months ago. She goes to a cafe now and again with the grave young man, and she is as graceful and fearless as a panther.

Betty, you see, is lucky.

The other ninety and nine girls of her hundred pleasure-seeking friends are still on the chase, losing ground at every turn.

A few miles further on they will find themselves in the midst of the desert, with the sands of wasted time drifting closer about them, cool, clear and free of love in the flask, and beyond—oblivion.

QUESTIONS ANSWERED

Question: What has been the increase in the cost of living from 1914 up to the present time?

E. J. W.

Answer: According to the Bureau of Labor Statistics figures, the increase in the cost of living from 1914 to January 1, 1920, was about 34 per cent.

Q: What was the first American division to hold a sector alone in France?

Ex-Soldier.

A: The War Department says that the First Division was the first American division that held a sector alone.

Q: What is the method of dream interpretation discovered by Prof. Sigmund Freud of Vienna, H. F.

A: Prof. Freud's discovery, which is an essential part of the new science of psychoanalysis and of far-reaching importance, is that dreams are not meaningless, but that most of them express wishes or needs of the dreamer, which have been suppressed in his subconscious mind. The dream expresses this wish in the form of a fable or fantasy, using a variety of symbols, which are repeated again and again with the same meaning. Under expert interpretation the dream yields a valuable insight into the psychic life of the individual and is of great value in curing nervous and mental troubles.

Q: What rights are given the American Indian pertaining to hunting?

L. S.

A: The American Indian is given the right to hunt on the public lands under the treaty rights with the United States and under State laws.

GASOLINE ALLEY—YES, IT'S FULLY INSURED

LETTERS TO "THE TIMES."

Corrects an Error.

LOS ANGELES, Sept. 7.—[To the Editor of The Times:] Permit me to correct an error in my letter in the Sunday Times in reference to the new French credit national 5 per cent obligations, issued in June to facilitate the reparation of damages caused by the war.

I stated that the issue was eight million francs, whereas, the statement should have read "eight million obligations of 500 francs each," making a total issue of four billion francs, which was taken up immediately, principally by French people of moderate income. Is there better proof that France was not "bled white," as Boche propaganda would have us believe?

This large issue was paid for in full, the subscription books closing June 25 last. They were issued at 485 francs and have risen to 492 on the Paris market. They are absolutely free of all French taxes, present or future. At the present rate of French exchange, they are very attractive to one who has dollar capital, and besides, the money is used "for coming to the aid of the evils committed in the regions devastated by the enemy and for facilitating the renewal and the development of industry and of commerce in France, notably in these same regions."

After a year of study of the civilian mind I am convinced that patriotism consists in uttering hatred for Germany, casting slurs upon our allies in arms, and raising promptly a seat. On the streets, I seemed an object of curiosity. My case is not exceptional.

Moreover, since my discharge, I have seen the slick youths we call bomb-prooters rising rapidly in their various vocations, having gotten in solid while others were enduring the frightful ordeal of battle. Business and professional men treat them with a courtesy and consideration that could not be excelled had they done their duty to their country. I did a two years' hitch. Now in seeking a job I am turned down because of lack of experience.

In competition with the bomb-prooters who stayed at home and got experience I don't stand the ghost of a show. Those to whom I apply turn with a shrug of the shoulders as much as to say, "That's your hard luck, but no affair of ours."

EASE-ALL

Arch Supporting Shoe for Women

You have read about the "Ease-All" Shoe in all the Big National Magazines and you can see it in our windows this week.

It is impossible to claim too much for this really wonderful shoe.

Women who purchased the first pair because of their style appeal now insist upon the "Ease-All" for the comfort it gives.

The specially built-in steel arch and the extended wall counters, together with its combination fitting qualities, make this the most efficient arch supporting shoe built.

Let us show you the correction features of the "Ease-All" Shoe.

Few children escape

Children's teeth seem most susceptible to film-caused attacks. Very few young folks escape them. Dentists advise the use of Peppodent from the day the first tooth appears.

Old methods have proved inadequate. See what the new way does. Right from protection in early years means much to you to come.

Men who smoke will also see common results. Their teeth are often discolored, for tobacco stains the film.

SOCIETY.

BY VIRGINIA WOODS.

Over the Tea Cups.

Forty tea guests were told an interesting secret yesterday. It was the betrothal of Miss Eleanor Johnson and Frank S. Hodge, both of this city. The tea was planned by Miss Johnson in honor of Miss Marie McCoy, who on Saturday afternoon, September 18, is to become the bride of Charles Frederick Kammerer of Harrisburg, Pa.

Miss Johnson is the daughter of Mr. and Mrs. Frederick Warren Johnson of 2111 West Twenty-first street, and is a graduate of Marlborough and attended Miss Spence's school in New York. She and her father have just returned from the Orient, where they traveled six months. Mr. Hodge is the son of Mr. and Mrs. H. H. Hodge, a graduate of the University of California and is a well-known young structural engineer. He and his fiancée are both prominent members of the younger social set. Announcement of their betrothal will no doubt be a signal for many festivities.

Miss McCoy is receiving lots of attention, a luncheon, tea or dinner being planned for her every day. On Saturday, Miss Byrd Wallis, who is to be a bridesmaid, will give a luncheon for the girls in the wedding party.

Mrs. Wayland Morrison is to entertain for her on Tuesday and on Monday, the day previous, Mrs. C. Q. Stanton is to give a small tea for Miss McCoy.

For Mrs. Vercoe.

Mrs. Erasmus Wilson is today hostess at an elaborate luncheon in compliment to Mrs. Adela Vercoe of London, Eng. The table is adorned with a mass of asters, gladioli and dahlias in lavender and pink.

At the table are Mrs. Enrico Piana, noted Italian grand opera singer; Mrs. Henderson Hayward; Mrs. John W. Kemp, Mrs. G. W. Hutchison, Mrs. Alexander B. Barrett, Mrs. John T. Will, Mrs. William Stimpson, Mrs. William Irving Hollingsworth, Mrs. J. C. Call, Mrs. Willis G. Hunt, Mrs. W. O. Oren, Mrs. William Jerome Toomey, Mrs. Estelle Larned, Mrs. C. L. Wallis, Mrs. F. D. McPherson, Mrs. L. L. Krebs, Mrs. J. W. Heustis and Miss Carrie Waddilove.

For Bride-Elect.

Misses Marjorie and Eleanor Kennedy were hostesses at a luncheon in honor of Miss Lois Dorn, who is to marry J. J. Selph of this city on September 14. Roses in peach and yellow shades adorned the table and the rest of the house. The guests were Misses Ruth Dorn, Charlotte Moody, Frederika McGee, Mary Alice Moody, Ruth Davis, and Misses H. Dorn, Harvey Dorn, Agnes Roach Daniels, William Holland and Howard Dorn.

Mrs. Banning Returns.

Pleasant news is that of the return to Los Angeles Tuesday night of Mrs. Hancock Banning who has been in San Francisco, since the Democratic National Convention. She visited her young son and daughter-in-law, Mr. and Mrs. George Hugh Banning and Mrs. Irving Wright, with whom she motored north.

Mrs. Banning was entertained extensively but found time to organize the San Francisco branch of the Assistance League, Location Bureau, which will carry out the work there as planned by the organization here, which she is responsible for.

Mrs. Banning motored to Santa Barbara yesterday with Mrs. Stewart Edward White of Burlingame, who has been visiting here for a few days and who went yesterday to close her Montecito home. Mr. White is to remain here a little while longer and Mrs. Banning is expected back this morning.

Home from Alaska.

Mr. and Mrs. F. F. Newport returned yesterday from a two-month trip in Alaska. They motored from Seattle, accompanied by Admiral and Mrs. Twining. Admiral Twining was in Alaska while they were—he having gone with Admiral Rodman and the Pacific Fleet, on its Alaskan cruise. Mrs. Twining met them in Washington and the four enjoyed a round of gayeties there before coming home. Mrs. Newport's little niece, Ruby Winter of Fresno, came with them also, and is to spend the winter here and go to school.

Off to New York.

Mr. and Mrs. Edward Laurence Doherty, Jr., and their children are planning to leave within a few days for New York to join the Edward Laurence Doherty, Sr. They plan a delightful season in the Doherty yacht, The Canaan, which has been the scene of so many parties this summer. They will all probably return in time for Thanksgiving.

At Catalina.

Mr. and Mrs. Joseph Brent Banning and daughter, Miss Katherine Banning, are still finding Catalina most alluring and right now are in the midst of building their handiwork. All summer long, Mrs. Banning has been giving parties, which bids fair to be the setting for even more entertaining than has their present home on the island.

Mr. and Mrs. Sydney I. Wallis and Mr. and Mrs. William S. Hook, Jr., were guests at a dinner given by E. S. Armstrong at Del Monte in celebration of his score of 150 at the golf tournament there. The dinner was in the Palm Grill. At another dinner, given by Mr. and Mrs. A. S. Gage of Texas, were Mr. and Mrs. Geoffrey Holterhoff, Mrs. Charles H. Shuy and Mr. and Mrs. A. L. Cheney of this city.

Told in Pasadena.

The engagement of Miss Florence Lowe and Rev. C. E. Kirtley, rector of St. James Church, Pasadena, is to be received with interest in the Southland. She is the daughter of Mr. and Mrs. Thaddeus Lowe of Pasadena. Rev. Barnes is the son of Rev. Charles L. Barnes, rector of St. Paul's Cathedral, San Diego. The younger man is a graduate of the University of California and from the General Theological Seminary of New York. Miss Lowe is a graduate of Bishop's School. The wedding will probably take place in December.

ORIENT REFLECTED IN LOS ANGELES SALONS.

By Oliver Gray.

"A night in Paris"—such might well be termed the entertainment given last night at The Unique, when we were shown for the first time the gowns, suits and wraps selected by Mr. Max Isaacs during his recent trip to the French capital.

There have been fashion promenades before, given by this establishment but the present one excels all seen heretofore. The setting—the flower-decked salons, the soft light, the music, the low murmur of applause as the twenty-five lovely manikins displayed the choice sartorial creations, all lent wings to the hours, so profound was the interest.

Fully 200 separate garments were displayed, each a masterpiece. Outstanding were exceptional features forming part of the kaleidoscopic whole. "Richly oriental in effect"—the mind reviewing the scintillations would say. Yet this would be far from a resume. The far East and its love of splendor thronged the exhibition as a whole. Gold, silver, richly wrought embroideries, furs de luxe were there; the harem contributed toward the languor of the negligees; the formal glory of the Mandarin gave of its lines and coloring; the glitter of jetted sequins spelled the away of the vampire gown.

The best of Parisian makers were represented. Jenny, Carp, Renee, Callot—world-famous names. Hens from Collins were chosen tactfully to offset the gowns and wraps. The Spanish influence was potently felt in the lace mantillas falling at one side of the broad picture brim; the high Spanish comb of carved tortoise shell, characterized another; a show of light-colored velvet, trimmed solely with a scarf of natural stone mink. Many novel accessories were shown. Spot-lights singled out and followed each model upon her way.

Today from 2 to 4 p.m. the exhibition will be repeated. The public will be welcome. The promenade will take place on the third floor of the Unique.

March 15, 1919—Wife No. 1 instituted suit for \$100,000 damages against wife No. 2 for alienation of Gormley's affections.
Aug. 2, 1919—Wife No. 1, accompanied by wife No. 2 and the husband, vainly pleaded with Judge Jackson in the Superior Court to dismiss the alienation suit.
Sept. 8, 1919—Wife No. 1 began suit for absolute divorce.
According to a telegram received by Nick Harris, Gormley was in Las Vegas yesterday and was served with a summons in his wife's divorce suit.
Pending settlement of the case, Mrs. Helen Kelly Gormley has made her home in California, Oklahoma and Texas.
In April, express offices at Van Nuys and Burbank were looted of \$10,000 worth of these checks and later these were cashed with a forged signature on them. Similar thefts from express offices and the floating of forged checks occurred in the other two States. The indictment charged Watson with forgery for checks for \$100,000 and \$10,000, cashed at banks in Long Beach, Los Angeles and Lankershim.
The indictment was returned before Judge Willis. Bail was fixed at \$10,000 and a bench warrant issued to bring Watson here for trial.

WANT MAN IN TEXAS JAIL.

Harry L. Watson, alias Phillip Bentley, alias Frank Hartley, managed to get along fine in his asserted occupation of cashing what are charged to be forged American Express checks, but he failed, according to the story, when it came to trying to steal a carload of sugar in Texas.
Watson was indicted by the county grand jury yesterday on three counts of forgery, but it was not for forgery that he was arrested on August 27, Tex., where he is now in jail. A bill of lading, said to be forged, with which Watson was accused of stealing the carload of sugar led to his arrest.
Investigation led Pinkerton detectives to believe that Watson was responsible for the floating of many forged American Express Company checks in California, Oklahoma and Texas.

WIFE SAYS RIVAL GOT HER JEWEL.

Sues Husband for Separate Maintenance, and Seeks to Stop Property Transfers.

In a suit for separate maintenance filed yesterday, Mrs. Rachael Greene charges her husband, Abraham Greene, a ladies tailor, with transferring property without consideration to Vincent Barcelona and Mrs. Louise Mugnemi and with conspiring with Mrs. Mugnemi and making her gifts of money, jewelry and clothing. Mrs. Greene asks for an injunction restraining the disposal of the property and for a receiver to take charge of the community property.
The Greens were married in Warsaw, Russia, thirty-five years ago. Mrs. Greene is said to have a monthly income from his business of \$750. Mrs. Greene asks for an allowance of \$250 a month. They have five children.
Among other things, Mrs. Greene complains that her husband proposed to return home if she would loan him her \$1000 diamond necklace. He said he wanted to obtain money for his business. She believed him, she says, gave him the jewelry and he gave it to Mrs. Mugnemi. The court is asked to restrain Mr. Greene from visiting Mrs. Mugnemi or making her gifts and to restrain her from conspiring with him. The complaint was filed through Attorneys Moore and Patterson.

TO RUSH COURT AUDIT.

Grand Jury Official will Flurry on Check of Johnston Books.

Upon the request of Dep. Dist. Atty. Stafford the auditor of the county grand jury yesterday took possession of all books and other official records connected with the case of Clyde C. Johnston, once indicted by the grand jury for embezzlement of more than \$20,000 from the case of the court of Police Judge Chesbro.
It was intimated by Mr. Stafford that the check of the money, which disappeared from the court safe, was not progressing rapidly enough and that he desired the grand jury auditor to make the check before tomorrow, when the time limit for return of a new indictment against Johnston expires. The first indictment was returned to the jury by Judge Willis as being uncertain in its assertions.
The jury auditor, it was said, will work today in an effort to go over Johnston's account, so as to present his findings by tomorrow.

COAST TO COAST.
(BY A. P. DAY WIRE.)
DEFIANCE (O.) Sept. 8.—The spectacle of a foster father weeping while a 7-year-old boy was describing how the parent is alleged to have beaten the boy's 3-year-old brother to death with a heavy leather harness tug, greeted jurymen in the trial of Joshua Botkins, farmer, here yesterday. Botkins is charged with murder, following the death of Arthur Gerald Bullock, child of his housekeeper, on the night of July 8. The prosecution sought to prove that Botkins held the child by the ankles and beat him with the tug while holding his head in a tub of water to stifle his screams.
SALT LAKE CITY, Sept. 8.—A general demurrer to the complaints filed against former Mayor E. A. Bock of Salt Lake, charging forgery and misappropriation of funds while he was auditor of Salt Lake county, was entered yesterday. The hearing of the demurrer was set for September 16.
WASHINGTON, Sept. 8.—Decided improvement in the car situation was indicated by figures made public last night by the Car Service Commission, showing that 84,255 freight cars were loaded during the week ending August 31. This was the heaviest car movement for the year, according to the commission.
WASHINGTON, Sept. 8.—Reports of the imminence of revolution in Serbia were denied by Dr. Slavko St.

Groulx, Minister of the Kingdom of the Serbs, Croats and Slovenes.
ALBUQUERQUE, Sept. 8.—The Republican State convention met here yesterday, heard the keynote address of National Committeeman H. O. Burton of Socorro, selected committee and adjourned until today.
BIRMINGHAM (Ala.) Sept. 8.—Although the general strike called by officials of District 29, United Mine Workers of America, went into effect last night, twenty-four hours are expected to elapse before it will be definitely known to what extent the miners not already on strike will heed the order. There was little evidence in the mining fields of any change of status following the strike call.
SANTA ROSA, Sept. 8.—Marie Meyer, 5 years old, was run down and killed here yesterday by an automobile driven by Herman Schwarz, local automobile dealer. According to Schwarz the girl darted into the street from the sidewalk and was struck before he could turn aside. He was traveling slowly, he said.
OMAHA, Sept. 8.—V. Malec of Detroit was chosen president of the National Catholic Sokol organization at the conclusion of its fifth annual convention here yesterday.
SAN MATEO, Sept. 8.—Desire for revenge impelled Paul Nelson, 56 years old, carpenter, to shoot and kill Theolina Lee, 11 years old, as she romped home from school in San Bruno yesterday, according to the chief expressed by authorities. An hour after the shooting Nelson ended his own life when surrounded by pursuers. William Moss, grand-father of the girl, told the police that some time ago he had forbidden Nelson to call on the girl's widowed mother. Nelson is believed to have been of revenge until his mind became unbalanced.
SALINA (Kan.) Sept. 8.—A minimum price of \$3 a bushel for No. 2 wheat in Kansas City was urged and millers who profiteer were condemned in resolutions adopted by several hundred wheat growers who met here at the call of Maurice McAuliffe, president of the Kansas Farmers' Union. The call for the meeting extended an invitation to the present to wheat growers and representatives of farm organizations in Missouri, Kansas, Oklahoma and Nebraska.
BATH (Me.) Sept. 8.—Asserting that Gov. Cox though lacking "the slightest experience in national affairs," seeks to "maintain inviolate the Car-like rule of Woodrow Wilson," Senator J. S. Frelinghuysen of New Jersey, appealed last night to this State's support of the Harding-Coolidge ticket.

BABE RUTH'S HIT LONGEST EVER SEEN IN PITTSBURG; FING BODIE INJURED.

(BY A. P. NIGHT WIRE.)
PITTSBURG, Sept. 8.—A crowd of more than 25,000 fans witnessed an exhibition game between the New York Yankees and the Pittsburgh Pirates today, the victory going to the visitors, 7 to 1. Both teams worked recruit pitchers. Zinn for Pittsburg and Ferguson for New York.

"Babe" Ruth hit a home run to the ninth, driving the ball over the right field fence in the longest hit ever seen at Forbes Field.

Bodie, the Yankee center fielder, in sliding into the home plate, caught his foot on the rubber, fracturing his right ankle. Scores: New York, 7; hits, 10; errors, 1. Pittsburg, 1; hits, 3; errors, 1. Batteries—Ferguson and Hoffman; Zinn and Haefner.

ANGELS TOPPLE OVER BEAVERS.

(Continued from First Page.)

yesterday—it was great from a resultant viewpoint, but it wasn't baseball. Here, however, we must hold a brief for the today catcher. Pete has been studying theosophy lately and among the many tenets he has assimilated, the one that struck his coco most was, "It's the unexpected that wins."

Fair enough. Polson was horribly wobbly and the ball felt like a ton of brick. He shot three in succession at Pete, all of which played true when it came to going to the rubber. Ah—but the infield was clever and put the kibosh on them.

Polson, who chucked for the Beavers, was jumped on hard in the second canto. Then he tightened up and looked all over a sure winner until the eighth when he cracked a spark-plug and from then, until Killerer's triumphant march home, he bucked something awful. The score:

LEAGUE CHOSEN
EXCHANGE HEAD
Paula Men President
More Lemons Than
Any Other Man in World.
Presidencies Go to Men
of Glendora, Ontario.
C. J. Thorne of Santa Paula was
elected president of the California
Fruit Growers' Exchange yesterday
at the annual meeting of that or-
ganization, according to P. J. Dreher
of Santa Paula, who retired at his
own request. C. J. Thorne, of
Glendora, was chosen first vice-
president and H. H. Swan of Ontario
second vice-president. H. H. Swan
is a well-known fruit grower. H. H.
Swan was re-elected secretary.
The league is recognized amongst
the most extensive
of lemons in the world. For
the past year he has been vice-presi-
dent of the California Fruit Grow-
ers' Exchange.
Dreher, the retiring president,
was elected head of the exchange
for the year 1920-21. He was re-
elected for the year 1921-22.

MORE MILLIONS IN FRUIT.
Exchange Report Shows Great Increase
in Returns to Citrus Growers.
California's "gold mine above
ground," its citrus fruit industry,
returned to the fruit growers of the
State during the past fiscal year ap-
proximately \$1,200,000,000—represent-
ing an output of 48,757 carloads of
oranges, lemons and grape fruit, ac-
cording to the annual report of Gen-
eral Manager G. Harold Powell of the
California Fruit Growers' Ex-
change, made public yesterday.
This volume of business represents
an increase of nearly 1000 cars over
the number shipped last year and an
increase of \$1,000,000 over the
previous year's receipts.
Segregated by carloads, the pro-
duction was: Oranges and grape-
fruit, 33,077; lemons, 15,680.
The groves of Southern California
produced 87 per cent of the orange
and grapefruit crop, while the yield
of lemons in this same district was
51 per cent.
Of the entire output of the State
the exchange handled 73.7 per cent,
or 12,144,964 boxes of oranges, 236-
256 boxes of grapefruit and 3,455-
534 boxes of lemons; approximately
half of which was of the "Bunkie"
brand. This is an increase of 1.4 per
cent over the proportion of the crop
handled by the exchange last year.
The returns to members of the ex-
change for fruit shipped by it, in-
cluding the estimated value of car-

loads yet unsold, will be approxi-
mately \$55,221,222.
NEED TARIFF.
While the orchard yield of lemons
was very gratifying, there was a pe-
riod during the summer when the
Mediterranean shipments were so
great that they broke the lemon
market badly on the Atlantic Coast
and some of the cars of lemons did
not sell for enough to pay shipping
expenses. This seems to have been
the only fly in the ointment.
An attempt will be made to have
the former lemon tariff restored in
case a Republican President and
Congress are elected this year. The
present Democratic tariff is deadly
to the California lemon industry.
Although there has been a general
upward trend in the prices of all
foodstuffs, the expense of marketing
the citrus fruits of California is
shown to be lower than it was ten
years ago and also to be the lowest
for any perishable food product in
America. This is made possible
through co-operative marketing.
The freight bill of shippers because
of the recent rail rate increases will
be raised nearly \$5,000,000 annually.
This has not added to the retail cost
of California's citrus fruits.
Prices received for perishable
farm products are determined by the
conditions of supply and demand, and
the impact of world wholesale
prices, while the costs of production

WIDE EXPANSION
BY TWIN BANKS.
To Extend City's Interests
Throughout Southwest.
Arizona is Added to Trust
and Savings Board.
New Director Was Red Cross
Worker During War.
In line with extensive develop-
ments in personnel and organization,
looking toward the wide extension
of Los Angeles' commercial inter-
ests, an announcement was made yester-
day by Henry M. Robinson, presi-
dent of the First National Bank
and the Los Angeles Trust and Sav-
ings Bank, of the election of Wil-
liam H. Brophy of Los Angeles and
Arizona, president of the Bank of
Bakersfield and San Diego, as a director
of the Los Angeles Trust and Savings
Bank.
During the eighteen months of the
American participation in the war
and until the January following the
armistice, Mr. Brophy was in direct
charge of all the Red Cross war-
houses in France, and as such was
responsible for the successful oper-
ation of the Red Cross warehouse
behind the lines. Mr. Brophy, as
the actual head of the supply
system, worked with James H. Per-
kins and Harvey D. Gibson.
ARIZONA INTERESTS.
Mr. Brophy was for more than
thirty years with the Phelps-Dodge
Corporation, in charge of its mer-
cantile organizations in Arizona. He
is heavily interested in copper min-
ing in Arizona and has large hold-
ings in the Salt River Valley. He
is well known throughout Arizona,
having large interests not only at
Bakersfield and San Diego, but also
at Phoenix.
Announcement is also made of the
election of Harry Chandler, publish-
er of The Times, to the board of
the First National Bank.
The announcement of these elec-
tions follows closely upon the elec-
tion of Lee A. Phillips to the board
of directors of the First National
Bank and the Los Angeles Trust and
Savings Bank, upon the creation of
the First Securities Company, under
the ownership of the stockholders of
the two institutions, and upon the
bringing to Los Angeles of John E.
Brophy, formerly the New York vice-
president of the United States Ship-
ping Board Emergency Fleet Cor-
poration, as vice-president of the
First Securities Company.
At the same time it is announced
that a bond issue has been added
to the First National Bank, which
will act for depositors of the
First National in the same way that
the bond issue of the Los Angeles
Trust and Savings Bank already
operates for depositors of that
institution.
The Bank of Glendale also has
been purchased and is now operated
as a branch of the Los Angeles
Trust and Savings Bank.
Announcement has already been
made of the election of J. Dabney
Day of the City National Bank of
Dallas, Tex., who is recognized as
the best cotton financial expert in
the Southwest, to a vice-presidency
of the First National Bank.
A commercial development depart-
ment for the two banks has been
formed, and in addition, R. M. Mac-
Lennan of the United States Treas-
ury Department, and formerly of
the Food Administration, has been
added to the staff.

Shame on Them.
PERHAPS there are a few mothers who do not know the virtues of Fletcher's
Castoria. Perhaps there are a few who know that there are imitations on
the market, and knowing this demand Fletcher's. It is to ALL motherhood then
that we call attention to the numerous imitations and counterfeits that may be
set before them.
It is to all motherhood everywhere that we ring out the warning to beware
of the "Just-as-good". For over thirty years Fletcher's Castoria has been an aid
in the upbuilding of our population; an aid in the saving of babies.
And yet there are those who would ask you to try something new. Try
this. Try that. Even try the same remedy for the tiny, scarcely breathing, babe
that you in all your robust womanhood would use for yourself. Shame on them.

CASTORIA
Your Friend, the Physician.
The history of all medicines carries with it the story of battles
against popular beliefs; fights against prejudices; even differences of
opinion among scientists and men devoting their lives to research work;
laboring always for the betterment of mankind. This information
is at the hand of all physicians. He is with you at a moment's call
be the trouble trifling or great. He is your friend, your household
counselor. He is the one to whom you can always look for advice
even though it might not be a case of sickness. He is not just a
doctor. He is a student to his last and final call. His patients are
his family and to lose one is little less than losing one of his own
flesh and blood.
Believe him when he tells you—as he will—that Fletcher's
Castoria has never harmed the slightest babe, and that it is a good
thing to keep in the house. He knows.

Soft Lamplight and Festivity
belong to living-rooms in autumn evenings. So do soft-armed chairs and big, embrac-
ing davenport and fire-flickerings on restful-colored rugs and music floating out from
piano or phonograph and little tables for smoking things and books and bonbons and
sociable, snug love-seats—and desks for writing billets doux—and many other things
that you'll find upon Barker Bros.' beautiful floors of living-room furniture this Sep-
tember!
Many things that are new add greatly to the very considerable enchantments of
this store's autumn exhibits. The settings now being shown illustrate graphically how
expert talent in the co-ordination and harmonization of separate articles of living-room
furniture helps to produce that rare attribute called charm. You see, it is not alto-
gether a matter of how much you can spend with that living-room of yours especially
in view of the many, many unusual values which are offered in practically all lines of
living-room furniture at Barker Bros. Here are a few examples:

Recent Arrivals in Grass Furniture Add
Fresh Charms to a Comprehensive Display
Tough, twisted sea grass woven on a solid cane frame and lashed with reed forms a durable,
comfortable and attractive type of furniture which seems to catch the spirit of the sunshine of South-
ern California. And this is the sort of furniture of which a recent shipment brings a plentiful and
varied supply to Barker Bros.' floors.
A number of articles of Sea Grass Furniture have been specially priced for September's selling.
Those who wish to add to the sunniness of their homes this Winter will find much pleasure in select-
ing from the display of large, inviting Arm Chairs and Rockers, cozy Settees, delightfully feminine
Sewing Stands, Tables, Taborettes, Breakfast Sets, etc., which display themselves so alluringly
in the department of Reed Furniture.

Hundred and Twenty is Rate
Per Gallon that Leads
to Conviction.
A whisky sale at the rate of
\$120 a gallon was officially re-
corded in U. S. District Judge
Trippet's court yesterday.
The exhibit was made when
Charles C. Olsen and his wife,
Clarice Olsen, living at 1519
East Jefferson street, were be-
fore the court on the charge
of violating the Volstead Act.
Both pleaded guilty. A fine
of \$600 was assessed against
Olsen, and one of \$150 against
his wife.
The charge of the govern-
ment was that they had sold
a half pint of whisky to John
Reed, for which they charged
\$7.50. This is at the rate of
\$120 a gallon. The fines were
paid by the Olsens.

FALL HURTS PROVE FATAL.
Leona Salomon, 4 years of age, of
327 Commercial street, who was se-
riously injured several days ago
when she fell from a window at
her home, died yesterday at the
County Hospital. The little child,
according to officers who investi-
gated the death, climbed to a chair
beside a window in her home and
then plunged head first from the
window.
WILL TALK TO BANKERS.
Former Judge William Rhodes
Harvey, vice-president and officer in
charge of the trust department of
the Los Angeles Trust and Savings
Bank, left yesterday for Albuquer-
que, N. M., where he will deliver an
address before the annual meeting
of the New Mexico Bankers' Asso-
ciation. The subject of his address
will be "The Trust Department: Its
Advantages and Disadvantages to a
Bank."
ASKS DAMAGES FROM DOCTOR.
Dr. Francis John Purcell was
made defendant yesterday in a suit
for \$10,000 damages filed by James
Hudson, administrator of the estate
of Reginald J. Hudson, an ex-ser-

while undergoing treatment. Dr.
Purcell is asserted to have been
negligent in failing to ascertain
whether or not Mr. Hudson was
physically able to undergo the treat-
ment.

Face Each Other Across Vale of the Shadows.

Participants in What May Be Deathbed Court.

Lorraine Barnes, accused of Harrison N. Deal (shown on bed in the background), is seated on the left. In the center—2 the picture, facing the camera, is Dep. Dist. Atty. Fitts. On the right is Justice Brown, with Detective Ziegler at his side.

SOBBINGLY TELLS TALE.

Girl Testifies Against Man Whom She Asserts She Still Loves.

Reluctantly, Lorraine Barnes gave testimony yesterday at what may be a deathbed court against Harrison N. Deal, whom she asserts she still loves, as she sat sobbing at the foot of his cot in the County Hospital, while Justice Brown, Dep. Dist. Atty. Fitts and other court officials looked on. It was the first time the two had faced each other since Deal shot the young woman because she refused to marry him.

As Miss Barnes entered the ward where Deal lay suffering from his two self-inflicted wounds, she looked eagerly into his face for an unspoken response from the man. He lifted himself slightly from his pillows and then fell back. While the court officials waited, the two looked into each other's eyes, but they said nothing.

Reluctantly Miss Barnes replied to Mr. Fitts's questions, telling of her meeting Deal about a year ago, while she was employed in a large store in this city, of their infatuation, and the series of events that led up to the shooting at 2236 1-3 East Seventh street, on August 31, when he is said to have shot her twice and then turned the gun on himself.

When Mr. Fitts asked her what Deal said just before he shot her, she quailed before the defendant's eyes, and after many questions said he had asked her to marry him.

Later the witness said she was once married, but divorced, and that she understood Deal was married once.

When the young woman's testimony was finished, Justice Brown asked the defendant if he wished to cross-examine her.

"Not I," he replied. "I don't want to ask her anything. I love her and am willing to take my punishment."

"I don't want to put up any defense, even if I had twenty-one trials," he said.

The case was continued until September 22, and will be continued again if Deal is not well enough to appear in court. Miss Barnes asserted she would be on hand to aid the prosecution.

The idea of employing C. H. Cheney, a city planner from Portland and San Francisco, to work on a zone system for the City Planning Commission, was temporarily abandoned yesterday by the Finance Committee of the Council.

W. H. Pierce, president of the commission, had recommended that Mr. Cheney be employed to put in two weeks out of every month for the next three years on the L. A. planning job, his salary to be \$700 per month on a three-year contract.

The committee laid the recommendation on the table until the first of next year, when it may be reconsidered.

STEALS MUSIC; SPURNS GEMS.
A thief who has a penchant for music and spurned valuable jewelry that were lying around in profusion, visited the home of E. H. Gray, Strawberry and Goodwin streets, yesterday, according to a report to the Sheriff's office.

The thief took a phonograph and \$10 worth of records. Other valuables were untouched.

AUTO CRASH INJURES TWO.

In a collision between an automobile driven by Lambert S. Grime of 414 South Griffin avenue, and a machine driven by Kenneth D. Long, of 392 West Avenue 57, at the north end of the North Broadway bridge last night, Mr. Long's mother, Mrs. Electa A. Long, aged 53, and his mother-in-law, Mrs. W. H. Berdan, aged 52, of Chicago, both of whom are visiting here, were seriously injured. They were taken to the Receiving Hospital, where Mrs. Long, Sr., was found to have a bad cut at the base of her skull, a possible skull fracture and concussion of the brain. Mrs. Berdan suffered a wrenched left shoulder and back.

According to T. E. MacKnight, of 244 North Seville street, Huntington Park, an eyewitness, Mr. Long was turning into Pasadena avenue from the bridge when his right rear wheel was struck by Mr. Grime's machine, which was coming into the city on North Broadway. The impact was so great that Mrs. Long, Sr., was thrown over the car door and across both car tracks, hitting the pavement with her head.

C. F. Saffner, a salesman, whose address could not be learned, was arrested by Detective Sergeant Ziegler and Wallis, charged with driving an automobile while intoxicated, after he had run down two pedestrians at West Ninth and Grand avenues. He is held in the City Jail. The injured were William Mathews, aged 37, of the Stillwell Hotel, and John H. Dumbleton, aged 32, of 848 South Grand avenue; both were cut, had several bruises and abrasions.

TRUCK CRASH FATAL.
Kenneth Cullum of Fullerton, an employee of the General Petroleum Company, was fatally injured yesterday about 4 p.m. when his motorcycle collided head-on with a truck being driven on the highway north of Fullerton by J. B. Heard of Placentia. The injured man was rushed to the hospital at Fullerton, and died half an hour later. Witnesses say he lost control of his motorcycle. He was not married.

B. Heard of Placentia. The injured man was rushed to the hospital at Fullerton, and died half an hour later. Witnesses say he lost control of his motorcycle. He was not married.

WIFE CHARGES THEAT.
Charged with having threatened to kill his wife because she filed suit for divorce, Robert A. Merritt, of 712 1/2 Merchant street, a conductor employed by the Pacific Electric, was arrested at East Seventh street and Central avenue last night by Deputy Sheriff's Hotz and Cooper. He is held in the County Jail in default of bail.

Century-Old Man Appeals To Defender.
Nazareno Jacques, who says he is 106 years old, applied to Walton Wood, public defender, yesterday, to assist him in recovering clothing and \$5 in money he says were taken from him in Monrovia some time ago. Mr. Jacques asserts that when he went after his belongings in Monrovia some men knocked him down.

Mr. Jacques is the most venerable of all the clients Mr. Wood has had, and while his story was somewhat hazy as to details, the public defender will make every effort to see that the centenarian receives justice. The aged man lives with friends at 173 Castelar street.

Not Guilty is Plea in Bunko Slaying Case.
E. C. Rice, accused of having killed Edward Mayer, alias Army Sullivan, in the Roy Hotel at Salt Lake City last Thursday, was arraigned before City Judge Lund there yesterday, entering a plea of not guilty to a charge of first-degree murder. He will have his preliminary hearing Saturday.

There have been no developments at Salt Lake City in connection with the theory that Christ Kid (William E.) Meade, Mayer and Rice were members of the Robert Norwood bunko gang, that operated in Pacific Coast cities, and is believed to have been responsible for the murder of Norwood here. The police say Mayer was shot during an altercation over the division of the proceeds of swindling transactions, but there is nothing to show that these asserted operations extended to California or that they were existent.

Meade is at liberty under \$1500 bond as a material witness.

Nail Nearly Foils Death Try of an Unknown Man.
One little hobnail worn smooth and bright by many miles of rough road yesterday afternoon almost foiled the suicide attempt of an unknown man about 30 years of age. But the leather in the sole of his shoe was rotten. It tore and the man who had been held back from the death he courted wrenched free and before the eyes of three horrified little children hurled himself beneath the wheels of a Southern Pacific freight train in the Southern Pacific yards near College street.

The dead man was dressed in blue overalls, a black shirt and a cap. No identification could be made. He was about 6 feet tall, about 30 years of age and had brown hair and blue eyes.

CALLS LETTERS FORGED.
Texas Banker Testifies About Credit Paper in Bank Swindle Trial.
Letters of credit which Joseph Decker, alias E. D. Chandler of San Antonio, Tex., presented to local banks were forgeries, according to the testimony yesterday in Justice Brown's court of S. A. Barclay, cashier of the National Bank of Commerce at San Antonio. Mr. Barclay said he knew Mr. Chandler's signature well and that it was not the same as that on the supposed letters of credit.

S. E. Bagley, a bank teller at San Bernardino, testified to cashing a check of the Farmers' and Merchants' National Bank of this city for \$7500, for the defendant.

Decker is accused of obtaining \$112,500 from the Farmers' and Merchants' National Bank on asserted forged letters of credit. The case was continued until the 30th inst.

INCORPORATION OF HAWTHORNE ASKED.
A petition signed by 500 citizens of Hawthorne was received by the Board of Supervisors yesterday, asking that that community be incorporated as a sixth-class city. A hearing on the petition will be held October 4. If Hawthorne is incorporated, it will be the thirty-ninth incorporated city in the county.

Every home we furnish
Is an advertisement both for our furniture and for our ability to serve you. If we could show you the hundreds of homes we have furnished throughout Southern California we would not need to advertise in the newspapers. But because we cannot, we try in this way to give you some idea of the beautiful designs and extraordinary values afforded by our stock.

Because of our low overhead expense and large volume of business we can offer you the finest furniture at prices that comparison will prove lower. We cordially invite you to our store to inspect our beautiful stock and to verify for yourself the truth of the above assertion.

Charming Pieces for the Living Room
Two floors of our ten-floor establishment are given up to the display of beautiful living-room furniture. Here may be found luxurious, comfortable overstuffed pieces either ready covered or to be covered to your order, odd chairs and rockers in mahogany, library and davenport tables, consoles, desks and secretaries, lamp and mirrors and many other pieces that make for comfort and beauty in the home. Especially charming are the pieces copied from the old Colonial designs and our old-oak furniture in the Renaissance and Tudor styles. All are moderately priced.

A Dining Room of Dignity and Beauty
Our Entire Fifth Floor is devoted to an interesting display of beautiful matched suites for the dining room, together with a number of single pieces, notably tables and chairs. Almost all of this furniture is designed in or adapted from the charming period styles and is expressed in walnut, mahogany and old-oak. Old-oak is especially adapted to dining-room furniture, both because of its beauty and wearing qualities. Many of the oak pieces are ornamented with soft, polychrome coloring.

Dainty, Tasteful Bedroom Furnishings
Furniture in ivory and gray enamel, and in walnut and mahogany is displayed on our bedroom floor. A few of these beautiful suites are sold complete only, but in most cases you may select such pieces as you desire from among the many in matched designs that comprise each suite. The values to be found on this floor are not to be surpassed anywhere in this store where better values abound.
